

Bodega Volcanes
Chardonnay Tectonia 2018
Bodega Volcanes

PAIRS WITH

SCORE

90

The 2018 Tectonia Chardonnay is produced with fruit from Malleco, a southern zone with plenty of rain and no need to irrigate. It fermented and matured in barrique, and the oak is very integrated. The wine is fresh and somewhat mineral, with a slaty twist on the finish. It's clean and has varietal character, good acidity and freshness and some citrus flavors on the finish. 6,288 bottles were filled in March 2019.
