The 2017 Friuli Isonzo Friulano Dolée is another beautiful expression from Vie di Romans. This wine plays its strongest cards in terms of mouthfeel with a soft, yielding texture that is silky and polished to the touch. That texture is a good sounding board for peach, melon, quince and fresh pear. The heat of the vintage has shaped some of the extra softness and plush fruit flavors of peach and nectarine that create a pretty preface and epilogue for this mid-weight white. Exactly 10,816 bottles were released.
