The 2018 Piere will truly make you a believer in Sauvignon Blanc from Friuli. The bouquet is intense and classic, with masses of grassy wild herbs, lemon zest, crushed limestone, slate and hints of savory exotic spice. It's sometimes savory and sometimes sweet; yet most of all, it's the purity that comes through, like eating a ripe grapefruit with just a pinch of sugar on top. The cheeks pucker toward the close with a tart acid and citrus tug that begs you to take another sip while pretty inner florals linger on.
